What is Grandon Funeral and Cremation Care Going To Do?

- ◆ Our lobby has been shut down we are asking client families to call for appointments.
- ◆ We are answering all emergency calls.
- ◆ We will be conducting business on normal platform that our client families have been accustomed to.
- ◆ We will limit gathering sizes to 10 people as the Government has requested.
- ◆ We will offer immediate care when needed.
- ◆ We are as concerned about your health, as we are ours and we will respect that and ask that you do the same.

- ◇ We will work with our client families once we have permission to start having social gatherings and find times that will work for all that are involved.
- ◇ I would say that as a society we have never had these kind of restraints put on us and this is uncharted territory for all of us.
- ◇ We will need to be patient and work through this slowly in the future and we will try to accommodate all the needs with reasonable requests.
- ◇ I suspect that the next 30 – 45 days will answer more of the questions we have at this time.
- ◇ We do have Controlled Climate on Ames only Crematory onsite.
- ◇ Staying with our mission statement that we will serve ALL Families With The Care Dignity and Respect You deserve.
